RE: NG-0051

Dear Commissioners:

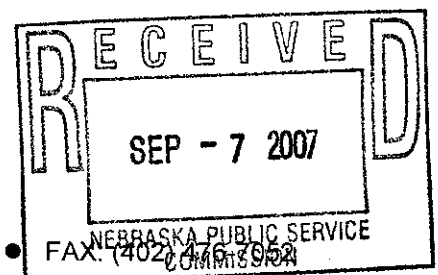

The League of Nebraska Municipalities would respectfully urge you to take the steps necessary to allow Nebraska Resources Company, LLC, to construct and operate the intrastate pipeline described in Order NG-0051.

The municipalities of Nebraska are concerned that they may someday be put in a position where Nebraska's infrastructure is inadequate to meet the economic needs of our State. As projects like this come forward, the League would appreciate the opportunity to work with the Commission to ensure that Nebraska's local economies can continue to grow and prosper.

Sincerely,

Lash Chaffin
Utilities Section Director
